Answers to Guide Questions for Survey on ORR Use of Intellofax
for Finished Intelligence

1. Do you use the Intellofax service?

Yes.

3. If yes to #1, does this use include runs on finished intelligence
produced by the IAC?

Yes.

4. If yes to #3, what is the general extent of this use?

All our requests include requirements for finished intelligence.

5. How often? Which elements of your organization? For what
research problems?

Once a month. Entire branch for geographic intelligence.

7. Could the Intelligence Products Index (IPI) be used instead?
Yes? No? Elaborate.

No. Not broken down by area as extensively as the intellofax
system. Also intellofax system has no cut-off date. It con-
solidates all pertinent items regardless of date.

8. Would making the IPI quarterly rather than monthly as at present
alter your answer to #7?

No.
